III. Land Acknowledgement, read by Anna Locke

“We acknowledge that this land, which is named for the Ute Tribe, is the traditional and ancestral homeland of the Shoshone, Paiute, Goshute, and Ute Tribes. The University of Utah recognizes and respects the enduring relationship that exists between many Indigenous peoples and their traditional homelands. We respect the sovereign relationship between tribes, states, and the federal government, and we affirm the University of Utah’s commitment to a partnership with Native Nations and Urban Indian communities through research, education, and community outreach activities.”

IV. Public Forum

a. Opportunity for members of the public (i.e. any non-Assembly community members) to spend time talking with and/or presenting to the Assembly.

b. Student Governance Advisor – Ethan Foley

Ethan Foley, SLI Advisor: sharing announcements and getting advocacy going through the year. Handouts, helpful for parliamentary procedure. For Assembly representatives, use as a cheat sheet for Robert’s Rules, guidelines for a productive meeting. These rules are here as a tool to navigate discussions and move through the meeting effectively- different types of motions that can be made during the Assembly.

Including, how-to on how to navigate Robert’s Rules. In order to adjourn, take a break, make a point of privilege, suspend motions, bring back motions, etc., one would say—“I move to...” May you interrupt the speaker. Not in public forum. In the middle of debate, explaining a perspective, and someone might have information being left out of the conversation. Someone might interject and offer a point of information—good information to include. Everyone will want to know that information to include.

The other side offers a basic intro, much more advanced things to say and do. Normally, everyone will have microphones for accessibility. For now, just speak up, speak loud, and make sure that your voice is heard. This is a learning process, and there is not a single person who has been through a meeting where Robert's Rules has been effectively used.

Two folders—one with a copy of the funding process, hard copies, which have been handed out already. Hard copies of the assembly schedule available. There is a copy of the agenda that the subcommittee chair has pulled out at their table. Subcommittee chairs will have these available for support throughout the meeting.

V. General Announcements

- a. *Time for any ASUU Assembly Representatives to share out any important announcements with the group.*

VI. Rules Committee Reports

- a. *Members of the Assembly Rules Committee will have time to share out updates from their areas (i.e. what they and their teams are working on.)*
- b. Chair Dong
 - i. This space facilitates communication. Representatives should have their voices heard. If this isn't the case, let someone know. We want to take voices into consideration while we make decisions. Mercedes will make an announcement, but keep in mind what our budget is and how much has been requested for this cycle. Keep in mind that good causes deserve money, and do not pinch pennies. Funds should go where they are needed on this campus. Diversity is important. Lastly, if you are part of Assembly, and you are not a chair or member of Rules, do not have any electronics out. Keep meetings efficient and make well informed decisions.
- c. AR Subcommittee Chair Altamiranda
 - i. Our subcommittee, A and R, wants to make sure research can get done at the University. We have just been accepting budget requests for this cycle.
- d. ACI Subcommittee Chair Crockett
 - i. Our subcommittee has been working on budget requests; reaching out to those who have made budget requests and what looks good and bad. Communication has been a struggle. Looking forward to the year.
- e. SRM Subcommittee Chair Burnett
 - i. Working hard to support the 31 requests submitted to the committee. Joint bill will be presented during the meeting by Rep. Bond. We are waiting on the confirmation of one more representative.
- f. AAS Subcommittee Chair Locke
 - i. We only had four bills this cycle, focusing on reaching out to RSOs this cycle
- g. Parliamentarian Maughan
 - i. Looking for support on individual efforts
- h. Treasurer Johnson
 - i. Budget is \$234,000. This cycle over 94,000 was requested, over half the budget
- i. Vice Chair Bayard

 - a. **Burnett:** how many members?

- b. **Johnson:** fees?
- c. **Bond:** Motion to let shirts be retained.
- d. **Locke:** These are shirts worn by students across campus. They are not specific to a uniform or other purpose. Some will be used more often than others. This might create some awkwardness.
- e. **Bond:** Can we not fund them if they are retained?
- f. **Subotic:** Precedent would suggest otherwise.
- g. **Thomas:** In previous years, this is marketing for the club.

3. Vote

a. 19 – Yes

b. 1 – No

c. 2 -- Abstain

ii. AB 14 – Rep. Brown, Point B: Transportation Student Group (\$975.00)

1. Presentation

- a. **Brown:** Club on campus affiliated with the architecture school. They are trying to branch out and be more inclusive. They are requesting marketing funding, line items tablecloth, t shirts, stickers. They did find a very good deal on stickers to reduce prices. This must be considered because they have put in effort to limit the funds they are requesting.

2. Questions

- a. **Brown:** 40 branded t shirts.
- b. **Bond:** how many students?
- c. **Brown:** no number.
- d. **Subotic:** how many attend these events?
- e. **Brown:** this is just marketing for tabling.

- i. **Brown:** they started last year and are expanding.
- j. **Bayard:** There are 71 members according to campus connect.
- k. **Johnson:** their VP and president asked a lot of questions about funding. They are rebranding their club and do a lot of good on campus. They need these items to garner more attention on campus. They are a respectful group and did travel funding separately so we did not have to slash them on this bill.
- l. **Parra:** What is this club for?
- m. **Brown:** uniting students in a range of urban planning related issues.

3. Vote

a. 17 – Yes

b. 5 – No

c. Abstain - 0

iii. AB 15 – Rep. Brown, UDebate (\$6,575)

1. Motion to table until next session.

a. Yes – unanimous.

b. No – 0

- c. Abstain -0
- iv. AB 16 – Rep. Bond, Society of Hispanic Professional Engineers (\$3,995.00)
 - 1. **Rep. Bond:** open to all individuals to join regardless of race, culture, etc. 72 active members. Convention for the national organization in SLC this year, where there has been 80% success rate in acquiring internship offers for those who attend. The local branch of the society would like to request the amount to send their members to the conference. Each ticket costs \$235.
 - 2. Questions
 - a. **Locke:** Is there any outside fundraising opportunity?
 - b. **RSO Rep:** There are limitations to what ASUU can reimburse. We have secured sponsors from the college of engineering. We have cut back a bit from 60 students to 17 students. We are looking for more sponsors. There are 60 students attending but only asking for funding for 17. The funding would secure spots for 17 students.
 - c. **Johnson:** How will the students be selected?
 - d. **RSO Rep:** Older students have preference. A lot of engineering students come out of school with debt, so more opportunity means more exposure. We also have an application available to attend the event.
 - e. **Johnson:** Can members pay \$25 of their ticket?
 - f. **RSO Rep:** We will have to see who can pay.
 - g. **Altamiranda:** Why 17?
 - h. **RSO Rep:** Limit of ASUU funding.
 - i. **Altamiranda:** Does this cover anything else?
 - j. **RSO Rep:** The ticket guarantees attendance.
 - k. **Parra:** Have you attended the convention before?
 - l. **RSO Rep:** Yes. We had the success rate of 80% for internship offers. We know how to navigate the conference and increase their chances to secure the internship. Received 5 internship opportunities from the convention.
 - m. **Kotter:** all your funding?
 - 3. Debate
 - a. **Dutton:** speak in favor. Internships are important.
 - b. **Cerynar:** I know how important internships are in the COE. It seems that with the budget we have, \$4,000 is a lot for 17 students. I would like the Assembly to be cognizant of the limited budget we have. We can't spend it on every bill. Or else we would have lost half of our budget. Be aware of the future cycles we have.
 - c. **Erik:** The RSO is aware of the soft limit for the year in terms of funding.
 - d. **Dong:** the RSO has sponsors and they have reduced the amount they are asking from ASUU. \$4,000 is within our limit to give. It is important we support them because internships are important. Conferences like these are where internships are actively being offered.
 - e. **Thomas:** We have never sent out initial emails to RSOs on campus. Finances have already been broken down. They know this is their funding for the year. It's likely we won't see this amount of funding again.

- f. **Locke:** Don't cut down on opportunities. Access to these opportunities shouldn't be eliminated.
- g. **Johnson:** Some RSO's don't ask for money—they can only really have about \$400. \$4,000 is a soft limit, not everyone can have that.

4. **Vote**

- a. 21 yes
- b. 1 no
- c. No abstentions

v. AB 17 – Rep. Thomas, Asian American Student Association (\$1,615.00)

- 1. **Rep Thomas:** AASA did their opening social with over 170 students in attendance, and over 200 students on their CC roster. They are requesting \$1,116. Including food, serving supplies, bracelet surprise, and a table fee for tabling at the union.
- 2. **Alex, RSO representative:** This event had over 200 people attend. This comes out to about 6 or 700 per person. This is a space for people to make friends and make community. This event was inclusive and well advertised. For those reasons, they deserve funding for this event.

3. **QUESTIONS**

- a. **Rep. Oguz:** How many events per semester:
 - i. **Alex: Over 44 events per semester,** around 22 events. These are socials, which are the biggest by far. Socials often.
- b. **Rep. Cerynar:** Will you be coming to ASUU for more social funding?
 - i. Alex: We have two more large socials planned for the year.
- c. **Rep Burnett:** Fundraising events. How much can you raise at events on average?
 - i. Alex: Anywhere from 400 to 500.
- d. **Rep. Johnson:**
 - i. Alex: member meetings do not cost as much per event.
- e. **Rep Cerynar:** will the org spend as much money on events by the end of the year? Will events cost as much?
 - i. Alex: if we are not reimbursed, then we will reduce costs. As of now, we plan to spend at the same rate to put on events.
- f. **Rep. Thomas:** Alex attends every meeting. ASA is one of the biggest RSOs on campus and is actively involved in ASUU and our budget process.

2. Questions

a. **Kotter:** No clarification on cost of trophies?

b. **Burke:** does not know the individual cost.

c. **Munot:** why is there an issue with trophies?

d. **Burke:** The trophies are counted as gifts. If we can fund t shirts, we should be able to fund the trophies.

e. **Locke:** would it be possible to send a follow-up? Can we table this bill?

f. **Burke:** I think it is beneficial to table this bill.

i. **Motion to table.** Seconded by Treasurer Johnson.

3. Bill might not be fundable, **tournament took place in June or July.**

- ix. AB 21 – Rep. Burke, Asian Pacific American Law Students Association (\$1,500.00)
1. Presentation
 - a. **Burke:** For the Lunar New Year celebration. The APALSA held this event last year, with food catered from a local restaurant. This totaled \$1,500, so they are using it as a point of reference and asking for the same amount. I specified this amount must be used for catering, and nothing else.
 2. Questions
 - a. **Dong:** is this the only funding they want to request the entire year?
 - b. **Burke:** they are allowed to make future requests but they have to be very specific. They also wanted to get money for future events but wanted to get this first, because it is their biggest event. They do want to have funding in the future.
 - c. **Maughan:** is \$1,500 all going to catering?
 - d. **Burke:** yes.

 - f. **Burke:** yes. This is for all interested students.

 - l. **Barlow:** names will not be on the jackets.

Business Law Society – Rep. Maughan, RSO Representative Present

Bill Presentation

- RSO exposes on exposing students to Business Law
- Second year as an RSO in the U
- Holding an event at Top Golf expecting 30 people to attend

- Total: \$1,495.67

RSO Representative

- Only organization to look at the not as emphasized side of law
- Interested in kicking off first event and create a good impression

Questions

- Thomas: Is it within travel guidelines? Yes
- Burke: Why golf? Tends to be something that is general popular in law
- Munot: Where are representatives coming from? From firms that people are working at
- Subotic: Alcohol? No
- Cernyar: 30 people? Yes
- Reese: Is it open? Hopefully for members, but just need to sign up
- Joseph: Grad students only? Yes
- Burke: Funding for future events? Looking to subsidize for future events
- Johnson: Would law firms in the future be willing to sponsor? Yes, that is the goal
- Burnett: Concerned about funding events for additional 12 attorneys attending
- Thomas: We cannot fund tax
- Munot: Have you considered cheaper alternatives with similar networking opportunities? Top Golf would give a huge discount, the open atmosphere will allow mingling and be more inclusive
- Cernyar: Too much per student (more than student fee), not fair; Are you open to amending the bill?
- Singh: How is it fair if fees are both grad and undergrad, but the RSO is only open for grad students
- Locke: Are there any plans for fundraising in the future? Potentially as the year goes on, currently just trying to get started
- Johnson: Have you gone to CSC? Yes, only \$100 a year
- Oguz: How many students in the law student are in this area (transactional law)? About 50-60, about everyone is in the club

Debate

- Thomas: grad students have generally gotten the shorter end of the stick; it's a lot but important
- Kotter: grad students tend to be excluded from a lot of campus events
- Locke: networking is very important for the field of law, the more natural setting is important, not a lot of events are accessible to students
- Cernyar: twice as much per student for the student fee; knows that grad students might be excluded, but \$50 per person is too much; pay partial and help but be fair to other RSOs too
- Crockett: able to go to BSG, grad students are mostly involved through networking and this is crucial to them
- Bayard: hard to get grad students to come to events; they have other things to consider
- Bond: bad argument to allocate only an equal portion to student fees
- Oguz: Will you be coming to ASUU for future events as well?
- Locke: to student fees, important to fund new student orgs to get people committed; people will want to be involved because of this
- Johnson: How are you confirming that people are coming?

 - d. **Rep:** Uniforms.
 - e. **Bond:** What is the difference between a uniform and a shirt?
 - f. **Rep:** underarmour t shirt with team logo.

- g. **Kotter:** With the line items, this money is only used for what's listed. Travel is a separate budget request.
- h. **Rep:** It's not travel, it is the registration. It costs a lot of money to register. They make it expensive.
- i. **Kotter:** you have to have what's on the request. There is not anything related to travel on the screen. You will have to submit another request.
- j. **Crockett:** It'll help the club fund other things. Just help them pay for the things.
- k. **RSO:** Money helps us keep our dues down.
- l. **Cerynar:** How many shirts and hats are you paying for? Can these be reused by members? Are they retained by the club?
- m. **Crockett:** I didn't put these in. It is 35 for each for the travel team. This was not written into the bill. If we could have spoken in July, he could have funded 148 per person for the tournaments. It is just helping the club so they don't have to spend money on other things.
- n. **Motion to extend by 2 minutes.**
- o. **Subotic:** Fees are about \$800 per person? How are dues accommodated if fees aren't paid?
- p. **RSO:** They cannot join the club. Other club sports are cheaper, and they can join. More casual members only pay \$300 in total. The point of the club is to travel and represent the school.
- q. **Munot:** suggest an amendment?
- r. **Thomas:** Have you considered retaining the uniforms?
- s. **Rep:** I kind of want to keep the uniforms. Other members want to keep their uniforms. In the future, we will consider.
- t. **Burnett:** Highlights in national tournaments?
- u. **RSO:** played against 15 other schools across the country. Travel was pretty cheap. ASUU has made this possible.

3. Debate

- a. **Munot:** proposed motion to amend. Shirts might not be necessary. That \$1,000 differential can be used for other purposes in the future.
 - i. **Deleted line item, "shirts", eliminated \$1,400.**
- b. **Bond:** Encourage the uniforms become retained. Heavily limits the ability to fund them. Since Boise and Idaho falls are so far away, they become subject of travel funding. Going forward we will look to get tournament expenses reimbursed elsewhere.
- c. **Thomas:** I understand keeping uniforms, but how do we fund them?
- d. **Oguz:** These funds are going toward members paying over \$1,000 each. Only those with the status of being able to pay over \$1,000 each get them. They are not benefitting everyone at the U.
- e. **Locke:** Strike hats from the bill. Make it what's necessary to attend the tournaments.
- f. **Dong:** Fund what's necessary. It's not inclusive. Retain your uniforms. Increase access to students.

- g. **RSO:** money goes towards tournaments in October. I don't know how to get travel stuff going.
- h. **Reese:** while this club does cost money, if we don't pass this bill, people will have to pay more money.
- i. **Crockett:** we are funding all students. Some students have more of a burden than others, but 1000 compared to 850 is night and day. We are funding all students, not students who need it the most.
- j. **Burke:** ASUU money could be spent on things that could be spent more wisely.
- k. **RSO:** I have ordered all of this stuff, so I am just looking to get it reimbursed so I can keep the dues low. Representing the school is expensive. These have already been paid for. Anything we can get will help us out.
- l. **VP Madsen:** These clubs do not have high dues to exclude people. Nothing vicious.

1. Presentation

- a. **Bayard:** requesting food for meetings. Chipotle catering. Around 100+ people, which is why they are requesting so much food.

2. Questions

- a. **Johnson:** food sales tax. Is there a date for this event?
- b. **Bayard:** it was on 9/1. Updated a few minutes ago.
- c. **Kotter:** is this an annual event or is this every few months?
- d. **Bayard:** this is the first one of the year. They could submit more requests in the future.
- e. **Kotter:** this is the first of multiple, but we do not know when.
- f. **Bond:** is there more sales tax being included?
- g. **Bayard:** sales tax eliminated.
- h. **Burnett:** for the catering and pizzas, is this a singular event?
- i. **Bond:** did the total included the sales tax?
- j. **Bayard:** sales tax was a separate line item. Even if it was, they wouldn't pay for that.
- k. **Johnson:** if they request more money, Sijani gets a receipt and it will include sales tax. We are allocating money but we won't know if we get it back for a long period of time.

3. Debate

- a. **Burke:** that's about \$5 per person.
- b. **Bond:** this club has a lot of industry professionals. Backing from game industry.

 - 1. **Tabled to next session.**
- xxv. AB 37 – Rep. Reese, Powerlifting Team (\$2,700.00)
 - 1. Presentation
 - a. **Reese:** rental of gym; cannot reserve space in the gym at the University; equipment is not safe for certain lifts. The time that this club meets does not align with gym hours. Club apparel is for members and for advertising, creating unity among members.
 - 2. Questions
 - a. **Thomas:** where is the gym located?
 - b. **Locke:** 18 minutes away. Creates unity. To make it accessible carpool is set up for members.
 - c. **Thomas:** for the logo of the club – was anything provided?
 - d. **Reese:** nothing was provided. The logo will adhere to the rules. Contact will be maintained.
 - e. **Munot:** how long is the gym being rented for?
 - f. **Reese:** the entire year.
 - g. **Munot:** what is their club apparel?
 - h. **Reese:** they are requesting t shirts and sweatshirts, but there is no quantity. They have 144 members on campus connect with 15-20 people in regular attendance.
 - 3. Debate
 - a. **Locke:** the gym is a necessity. We could strike some of the apparel. From experience, there are not that many going to meetings each week. We need a more exact estimate for each week. The gym is definitely a necessity.
 - b. **Reese:** I support this. New total of \$1,800.

4. Vote

Motion to adjourn, Chair Dong.

- xxvi. AB 38 – Rep. Kwon, Fashion In Business (\$782.42)
- xxvii. AB 39 – Rep. Kwon, Yoga of Stressed-Out Law Students (\$350)
- xxviii. AB 40 – Rep. Joseph, Magician's Performance Club (\$2,872.00)
 1. Magic Trick, VP of the RSO
 - a. Everyone had their minds blown.
 2. Presentation
 - a. **Andry:** their goal is to welcome all students to their events, where they teach kids to explore unique illusions and magic. They have an event on October 23rd where they will host a local Utah magician to teach and perform magic tricks for students. There is no entry fee. They need a total of \$2,472 to fund and pay for the magician to come and teach. They also need funding for food to serve at the event. They need funding for tools to use at the event.
 - b. **RSO:** the magician came last year. He is a motivational speaker and plans to speak on anyone involved in art, rhetoric, theater, etc. His presentation will be based on that. This event also is a reminder to attend our U of U events which are also fundraisers. We have been all over campus performing for students and this kind of stuff helps us expand our membership and perform for free or for fundraising. These items are for members and for our benefit.
 3. Questions
 - a. **Johnson:** what is the ad fee?
 - b. **RSO:** printing of flyers; we haven't done the TVs or anything, but we would like to do campus wide advertising. Those cost money.
 - c. **Thomas:** How many members did you start with and how many do you have now?
 - d. **RSO:** started with 3. First year, we got to 12. Now, we have over 30 for our welcome meeting. We have grown quite a lot. Consistently, 15-17 members. 23 members signed up.
 - e. **RSO:** Found the club online. I hadn't met a magician in my life, going out and doing other events and displays is incredible. Members can network and promote success.
 4. Debate
 - a. **Kotter:** This is amazing. I am worried about how much money is being requested, in general for the RSOs this cycle. I think we can only afford to pay or part of the reimbursement for the workshop.
 - i. **Motion to amend:** Limit to \$1,000. This is Andry's decision—the author of the bill can amend the bill. The author always has the authority.

- b. **Cerynar:** the arts can never receive enough. They are holding a performance for the entire campus. Benefit to the entire campus.
- c. **Burke:** are these items reusable?
- d. **RSO:** things will be used in the act of performance.
- e. **RSO:** The magician will mentor new members to open for their shows. This is a good opportunity for new members. This is being thrown in for free with the shows. We can haggle, but this is a lower price than normal.
- f. **Andry:** items can be used for a long time.
- g. **RSO:** things can be used multiple times. These are things we will use for the duration of the year. They will be expended at the end of a year.
- h. **Subotic:** Will you have a profit at the end of the year?
- i. **RSO:** We have plans in place to switch over the presidents. Money will be following with the change in presidency. We have not yet been able to make a bank account. It is up to the financial director and the president. This is our first time having finances to keep track of. With fundraising, we are aware of \$4,000 limit for ASUU, and we want to build up enough to fund us the rest of the year.
